PHYSICIANS AND STAFF ONLY

2017 Dates Pending in Indianapolis, Indiana, and Dublin, Ireland
OPEN TO NON-PHYSICIANS & PHYSICIANS

Includes 3 day course and materials, and the NCLC Certification exam.

BONUS: *Additionally receive one FREE Online Training Course for you or your staff*

The Florida course is for physicians & staff only. We do not pre-apply to the State for approval of non-physician laser hair removal courses, and licensed physicians need no such approvals. Physicians may also send their staff to the course unaccompanied by them, but we need a letter or email from the physician for such authorization. It is up to your practice then to determine if there are any State licensing requirements for physician extenders working under your supervision. We are NOT affiliated with any laser manufacturer nor distributor.
